London

Who are we?

London is recognised as the world's leading seat for arbitration, attracting parties from across the globe. Its stable and predictable legal environment, supportive judiciary and depth of expertise, from outstanding arbitration lawyers to world-class hearing centres, make it the destination of choice for dispute resolution.

London Arbitration Week ("LAW") has now become a cornerstone of the international arbitration calendar. With a focus firmly on quality over scale, LAW will convene thought leaders at convenient venues across the City of London, championing excellence, innovation and global collaboration.
